THE SUNY AA/AS TRANSFER GUARANTEE POLICY

The SUNY Board of Trustees has approved amendments to the SUNY AA/AS Transfer Guarantee Policy. The amendments state the following:

1. New York state residents who are graduates of a SUNY or CUNY two-year college and who possess an AA or AS shall be guaranteed the opportunity to continue their education on a full-time basis at a SUNY baccalaureate campus.
2. SUNY baccalaureate campuses shall give priority to AA and AS graduates of SUNY and CUNY colleges over other transfer applicants.
3. Academic decisions on admission for transfer students covered by the Transfer Guarantee Policy shall be based solely on a student's previous college record.
4. In making admissions decisions, baccalaureate campuses shall pay particular attention to applications from AA and AS transfer students in their region who cannot relocate to another part of the state.

The Transfer Guarantee Policy covers AA and AS graduates of SUNY and CUNY colleges only. To be eligible for the transfer guarantee, AA and AS graduates must meet the following deadlines:

1. File a SUNY application, which must be received by the SUNY Application Service Center by March 1 for fall admission and October 15 for spring admission.
2. Provide the baccalaureate campus(es) with an **official two-year college transcript** showing three semesters of completed studies by March 15 for fall admission and October 15 for spring admission.
3. Provide, for campuses that require them, completed supplemental application materials by April 15 for fall admission and November 15 for spring admission.

The Application Service Center will contact each applicant who has not been admitted to any of his/her original college choices .

AA/AS graduates who wish to participate in the guaranteed transfer program must contact the Application Service Center prior to May 1 for the fall semester and prior to December 1 for the spring semester.

The directors of admissions at the SUNY baccalaureate campuses will meet to review applications of those AA/AS graduates who have not been offered admission earlier in the application review process. These applicants will be offered admission to one of the baccalaureate campuses in the region.

The Transfer Guarantee Policy provides that AA and AS graduates who are denied admission to all of their original SUNY baccalaureate campus choices, anywhere within the University, will be admitted to a baccalaureate campus. The Policy does not guarantee access to a specific campus or the academic program of the student's choice. However, whenever possible, efforts should be made to place the student in the program of his/her choice.

AFFIRMATIVE ACTION COMPLIANCE STATEMENT

The State University of New York College at Brockport does not discriminate on the basis of race, gender, religion, national origin, age, disability, sexual orientation, marital status, or status as a Vietnam-era or disabled veteran, in admission, employment, or treatment of students and employees.

Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex.

Harassment on the basis of sex is a violation of Section 703 of Title VII of the Civil Rights Act of 1964, as amended. It is, therefore, the policy of the State University of New York College at Brockport to provide an academic and work environment free of discriminatory intimidation, whether based on sex, race, religion, or national origin.

Discriminatory acts shall be prohibited in the conduct of College services for students as such services affect housing, employment, financial aid, admissions, advisement, counseling, placement, academic progress, scholarships and awards and program activities. Inquiries or complaints may be addressed to: Office of Affirmative Action, 350 New Campus Drive, The College at Brockport, Brockport, New York 14420-2929, (585) 395-2109.

THE DRUG-FREE SCHOOLS AND COMMUNITIES ACT

In compliance with the “Drug-free Schools and Communities Act Amendments of 1989,” as mandated by section 22 of Public Law 101-226, The College at Brockport provides the following information to all students and employees annually:

1. Standards of conduct prohibiting the unlawful possession, use or distribution of illicit drugs and alcohol and the disciplinary sanctions the College may impose for violations of laws and standards of conduct are contained in the Code of Student Conduct, the Residence Halls and Student Townhomes Alcohol Policy, both found on the Student Policy Web page at www.brockport.edu/policies. The Office of Human Resources policy on Drug and Alcohol Use in the Workplace for employees is found at www.brockport.edu/hr/procedures/
2. The health risks associated with the use of illicit drugs and alcohol abuse are found at www.brockport.edu/healthctr/promotions or visit the Health Promotion and Prevention Services office in Hazen Hall.
3. The legal sanctions imposed by local, state and federal laws for the illegal possession and/or distribution of illicit drugs or alcohol can be found on the New York state Law Web page at <http://ydccrime.com/index.htm>. Refer to NYS Penal Law Section 220.00 – 221.55.
4. Information on counseling and treatment programs are available in the following offices located in Hazen Hall: Counseling Center, Student Health Center, Health Promotion and Prevention Services and/or Employee Assistance Program located in the Office of Human Resources. Refer to the Counseling Center’s Web page at www.brockport.edu/cc for resources both on and off campus concerning treatment of substance abuse disorders.
5. The 2008 Biennial Review is available at the Office of the Vice President for Enrollment Management and Student Affairs, 7th floor of Allen Administration Building. This report contains a comprehensive analysis of the College’s alcohol and drug prevention program, including policy and enforcement. The report can be accessed on the Student Health Center’s Web page at www.brockport.edu/healthctr.

Please note: Drug convictions while enrolled as a student at the College may affect your eligibility for federal student aid.

Please refer to the Student Policy Web page for the complete Drug-free Schools and Communities Act Policy at www.brockport.edu/policies.

STATE UNIVERSITY OF NEW YORK

The State University of New York's 64 geographically dispersed campuses bring educational opportunity within commuting distance of virtually all New Yorkers and comprise the nation's largest comprehensive system of public higher education.

When founded in 1948, the University consolidated 29 state-operated, but unaffiliated, institutions whose varied histories of service dated as far back as 1816. It has grown to a point where its impact is felt educationally, culturally and economically statewide.

As a comprehensive public university, State University of New York provides a meaningful educational experience to the broadest spectrum of individuals. More than 427,000 students are pursuing traditional study in classrooms and laboratories or are working at home, at their own pace, through such innovative institutions as the SUNY Learning Network and Empire State College.

The State University's students are predominantly New York state residents. Representing every one of the state's 62 counties, they make up more than 96 percent of the University's undergraduate student population. State University of New York students also come from every other state in the United States, from four US territories or possessions, and from more than 170 foreign countries. The State University enrolls 40 percent of all New York state high school graduates, and its total enrollment of more than 427,000 (full-time and part-time) is approximately 37 percent of the state's entire higher education student population. More than 85,000 minority students (19.9 percent of the student population) are enrolled in SUNY.

Because of its structure and comprehensive programs, the State University offers students a wide diversity of educational options: short-term vocational/technical courses, certificate programs, baccalaureate degrees, graduate degrees and post-doctoral studies. The University offers access to almost every field of academic or professional study somewhere within the system—some 7,669 degree and certificate programs of study overall.

Curricula range from those in the more conventional career fields, such as business, engineering, medicine, teaching, performing arts, social work, finance and forestry, to those concerned with tomorrow's developing and societal needs in the areas of environmental science, urban studies, immunology, information systems, biotechnology, telecommunications, microbiology and health services management.

As part of the University's commitment to bring to the students of New York the very best and brightest scholars, scientists, artists and professionals, the State University's distinguished faculty is recruited from the finest graduate schools and universities throughout the United States and many countries around the world. Their efforts are regularly recognized in numerous prestigious awards and honors, including the Nobel Prize.

The State University's research contributions are helping to solve some of today's most urgent problems. At the same time, contracts and grants received by University faculty directly benefit the economic development of the regions in which they are located. State University researchers pioneered nuclear magnetic resonance imaging and the supermarket bar code scanner, isolated the bacteria that causes Lyme disease, developed the first implantable heart pacemaker and the drug ReoPro[®], recommended for heart patients, and developed Avonex[®], an interferon treatment for multiple sclerosis. The State University of New York ranks eighth among US patent-generating universities, and ranks 14th among US colleges and universities for royalties received on inventions licensed to industries.

The University's program for the educationally and economically disadvantaged, consisting of Educational Opportunity Programs (EOP) and Educational Opportunity Centers (EOC), has become a model for delivering better learning opportunities to young people and adults traditionally bypassed by higher education. Over the past 32 years, more than 482,000 New York state residents have been served.

The 30 locally-sponsored two-year community colleges operating under the program of the State University offer local citizens programs that are directly and immediately job-related as well as

degree programs that serve as job-entry educational experience or a transfer opportunity to a baccalaureate degree at a senior campus.

In 1998, the Governor and the Legislature approved a multi-year, \$2 billion capital construction program for the University. This investment in critical maintenance is protecting the University's infrastructure, valued at nearly \$11 billion, and enabling the University to keep pace with modern technology for the benefit of its students and faculty.

The State University's involvement in the health sciences and health care is extensive and responsive to the rapid changes in society and the growing needs identified by the state's public health community. Hundreds of thousands of New York's citizens are served each year by medical and health sciences faculty and students in University hospitals and clinics or affiliated hospitals.

The University's economic development services programs provide research, training and technical assistance to the state's business and industrial community through business and industry centers, the New York State Small Business Development Center, technical assistance centers, small business institutes, and centers for advanced technology and international development.

The University passed a major milestone in the mid-1980s when it graduated its one-millionth alumnus, and currently numbers 2.8 million graduates on its rolls. The majority of the University's alumni reside and pursue careers in communities across New York state, contributing to the economic and social vitality of its people.

The State University of New York is governed by a Board of Trustees, appointed by the Governor, which directly determines the policies to be followed by the 34 state-supported campuses. Community colleges have their own local boards of trustees whose relationship to the State University Board is defined by law.

The University's motto is: "To Learn —To Search —To Serve."

ALMA MATER

Alma Mater, thy children raise
To thy shrine deserved praise.
Hope and courage thou dost impart
To each loyal student heart.

Friendly flowers and stately trees
Lend new perfume to the breeze.
Dear old campus, lofty halls,
Alma Mater, we love thy walls.

When the fleeting years divide
Us from thee, our gentle guide;
Still our thoughts with thee shall rest,
Alma Mater, Dearest, Best.

Lyrics by a member of the Class of 1916.

DISTINGUISHED FACULTY AND DISTINGUISHED FACULTY EMERITI

- Betsy Balzano, Distinguished Service Professor, Education and Human Development, PhD, Florida State University.
- Morris Beers, Distinguished Professor Emeritus, Education and Human Development, PhD, Vanderbilt University.
- Arden Bucholz, Distinguished Teaching Professor, History, PhD, University of Chicago.
- W. Raymond Duncan, Distinguished Teaching Professor Emeritus, Political Science and International Studies, PhD, Fletcher School.
- Garth G. Fagan, Distinguished Professor Emeritus, Dance, BA, Wayne State University.
- Earl Ingersoll, Distinguished Professor/Distinguished Teaching Professor Emeritus, English, PhD, University of Wisconsin.
- Owen S. Ireland, Distinguished Teaching Professor, History, PhD, University of Pittsburgh.
- Joseph R. Kandor, Distinguished Service Professor Emeritus, Counselor Education, EdD, SUNY Buffalo.
- Edward C. Lehman Jr., Distinguished Teaching Professor Emeritus, Sociology, PhD, Mississippi State University.
- Sarah Liebschutz, Distinguished Service Professor Emeritus, Political Science and International Studies, PhD, University of Rochester.
- Nathan Lyons, Distinguished Professor Emeritus, Art, BS, Alfred University.
- John R. Maier, Distinguished Teaching Professor, English, PhD, Duquesne University.
