

PEP 441- Introduction to Teaching Physical Education Field Experience
Attendance Form

All PEP 441 *Introduction to Teaching Physical Education* students are required to complete an assigned field experience for a minimum of 15 hours. This experience is to expose students to physical education within school and community settings. Students will do an additional field experience at the elementary and secondary level prior to student teaching. During this field experience, the students will work with you as a teaching assistant. They will help you with the managerial aspects (attendance, distribution/collection of equipment), instructional activities (assisting) and student-social interactions. We have very high expectations for their professional behavior and attitude. Please contact me if there are any problems.

This form must be signed by you to validate that the student has completed the 15-hour requirement.

Thank you for your assistance in the development of our teacher certification candidates. Please feel free to contact me if any problems arise. Jack Hogan (jhogan@brockport.edu)
