### **College Policy on Student Organization Affiliation**

To ensure the educational integrity of co-curricular activities on campus, the College has established recognition procedures for student organizations. Organizations include clubs, organizations, fraternities, sororities, honorary societies and teams. Recognition procedures are outlined by the appropriate support department and/or student government. Student organizations bringing discredit upon themselves or the College may lose their recognition at the discretion of the President or designee of the College.

Students are prohibited from affiliating with any organization or group that has had its College recognition withdrawn. For purposes of this policy, affiliation includes but is not limited to joining; rushing; pledging; accepting an offer of membership; residing in facilities that are owned, rented, or controlled by the group; or being involved in any activity that would normally be associated with being a member of the group. Students in violation of this policy are subject to conduct referral which may result in disciplinary action up to and including suspension or dismissal.
