THE STUDENT BEHAVIORAL CONSULTANT TEAM (SBCT)

What is The SBCT?

The SBCT was convened in October 2007 and charged by Dr. Kathryn Wilson, Vice President for Enrollment Management and Student Affairs, to create a mechanism for communicating information regarding students exhibiting behaviors that are of concern to faculty, staff and other students. The team meets weekly and consists of professional staff from Academic Affairs, the Counseling Center, Residential Life/Learning Communities (Student Conduct), University Police and the Vice President’s Office.

Our Mission:

- To review behavioral occurrences and ensure a systematic response to students’ actions that may be disruptive to them and/or to the environment.
- A collaborative effort to promote optimal health and safety of students and members of the college community.
- To support student success.

Our Purpose:

The purpose of this team is to provide a confidential means for early intervention of at-risk students through collaboration and partnerships with campus departments, faculty and staff. Students exhibiting behaviors that can be identified as problematic for their personal, physical and emotional well being should be referred to this team of professionals. The core team is not meant to be the sole mechanism of communication and will not take the place of services provided by the Health and Counseling Centers, Student Conduct Office, University Police or other established student services.

How to report an incident:

To report a student of concern, contact your Townhomes Coordinator/Resident Director, Townhomes Assistant/Resident Assistant or University Police (UP).
