Distribution Date:
Signed: (President of the College)

Date Received by the Senate: April 4, 1974
Maximum Transfer Credit from Two Year Colleges

A maximum of 60 semester hours of credit will be accepted for transfer from regionally accredited two year colleges.

Students holding an A.A., A.S., or A.A.S. degree from an accredited institution will automatically be granted 60 semester hours of credit and Junior status. Students not holding degrees may transfer up to 60 semester hours of credit as evaluated on a course by course basis.

The granting of 60 semester hours of credit and Junior status does not assure graduation in two years. All students must meet the appropriate degree requirements of Brockport.

Transfer Credit and the Associate of Arts Degree

Transfer students who have completed the Associate of Arts Degree in a regionally accredited liberal arts program shall be granted Junior status and shall be considered to have fulfilled the Communications Core and the Liberal Arts Core requirements for a baccalaureate degree if at least one course has been completed in Communications Arts and one course in each of the Liberal Arts areas required at Brockport.

Transfer Credit and the Associate of Science Degree

Transfer students who have completed the Associate of Science Degree in a regionally accredited two year college shall be granted Junior status. Liberal Arts course credits shall be counted toward the completion of the Communication Core, Liberal Arts Core, and Major requirements as appropriate. The remaining credit will be counted as undistributed electives.

Students who have completed the Associate of Science Degree shall be considered to have fulfilled the Communications Arts and the Liberal Arts Core requirement for the baccalaureate degree if at least one course has been completed in the Communications Arts and one course in each of the Liberal Arts areas required at Brockport, provided the following conditions are met:

1. the college from which the student transfers must certify that at least 80 percent of the credit hours completed for the Associate of Science are in Liberal Arts and Science.
2. The sending institution must certify this for each student making application to Brockport.

Transfer Credit and the Associate of Applied Science Degree

Students who have completed the Associate of Applied Science Degree in a regionally accredited program shall be granted Junior status. Liberal Arts course credit shall be counted toward the completion of the Communication Arts Core, the Liberal Arts Core and the Major requirements as applicable. The remaining credits will be counted as undistributed electives.
