Policy on Repeating Courses

1. Students are permitted to repeat courses in which they have earned a grade of "D" or "E". In all cases, both the new grade earned in the repeated course, as well as the previously earned grade, shall be shown on the transcript.

2. In those cases where a student has occasion to repeat a course in which he/she has received a grade of "D" or "E", the second grade shall be used in the computation of the cumulative grade point average, and in the computation of the index in the major should it be affected.

3. Only the grade received in the repeat of the course shall be counted for credit toward graduation and the grade point average, i.e., if a student received a "D" grade in a course and later repeating the course received an "F" grade, the student would receive neither credit toward graduation nor quality points towards his/her index, thereby losing both the credits toward graduation and the quality points toward their index.

4. Courses taken at Brockport may only be repeated at Brockport. Courses taken elsewhere will be treated as transfer credit.

5. In cases where a course number or course title has changed, without substantial change in course material, the department involved shall certify that the course is the same. The student shall receive credit under the old course number and title.

6. Students are also permitted to repeat courses in which they earned a "U". If passed later, credit toward graduation is received.

7. This policy will take effect September 3, 1975 and will affect students that have not yet graduated by that date.
