Graduate Policy Revisions

Resolution #13 1975-76

Students are permitted to repeat courses in which they have earned a grade of E. Only the new grade earned in a repeated course will be used in computing the student's cumulative index.

Transfer Credit

All transfer credit must be approved by the department. Limits on the number of hours accepted for transfer may be established by the department; however, in no case shall more than half the work counted toward graduation be taken outside Brockport. No course may be transferred in which a grade of less than a B was earned.

A minimum of 36 and a maximum of 39 semester hours at the graduate level or above shall be required for all master's programs. At least 21 hours must be taken at the 600 level or above.

Add to "Hours required for graduation: instructor the option of awarding grades to individual students in a designated AP course if requested."

Ordinarily no more than nine semester hours of independent study courses may be included in a degree program. All independent study and directed study courses must have departmental approval.

The student must complete a minimum of twelve semester hours in fulfillment of degree requirements after matriculation.
