RESOLUTION ON BROCKPORT SCHOLARS' DAY

Whereas the experiment with Brockport Scholars '84 was such a success,
and whereas many people felt that their ability to participate in the event
was severely curtailed by obligations to scheduled classes,
and whereas the College Union facilities will not be able to accommodate a
significantly larger audience,
therefore, be it resolved:

that Scholars' Day should become an annual event;
that every year the Academic Calendar should set aside one entire day
for this and associated events;
that the facilities of Edwards Hall be available for Scholars' Day;
that Scholars' Day be run and funded out of the Office of the Academic
Vice President; and
that the Scholars' Day Planning Committee consist of the Academic Vice
President's designee, three faculty, and a representative of Brockport
Student Government.
ATTACHMENT: Resolution #1 (1984-85)

SUBJECT: Brockport Scholars' Day

While I am most pleased to have Brockport Scholars' Day become an annual event and agree with the arrangements to have the event run and funded out of the office of the Academic Vice President working with a Scholars' Day planning committee, I cannot approve canceling classes for a full day for this purpose. As you know, the calendar is extremely tight for meeting State Education Department regulations for class contact hours. I would hope that we can develop some other arrangements to allow a large segment of the academic community to participate in Scholars' Day without canceling all classes.
