FACULTY SENATE
January 31, 1994

TO: Department Chairs

FROM: Faculty Senate Standing Committee on Graduate Curriculum and Research Policies

RE: 1993-1994 Guidelines for Submitting Program Proposals to the Graduate Curriculum and Research Policies Standing Committee of the Faculty Senate

Attached are the revised 1993-1994 Guidelines for Submitting Program Proposals to the Graduate Curriculum and Research Policies Standing Committee of the Faculty Senate. These guidelines are revised periodically and the most recent changes require that program revisions submitted to this committee include: 1) a letter of review/comment from the Dean of the School, 2) a letter of review/comment from the Department Chair, 3) a statement of review and comment from Drake Library, and 4) a statement of review and comment from Academic Computing Services.

The purposes of these changes are twofold. First, to insure that administrators directly responsible for the unit submitting the changes are aware of the changes being submitted to this committee. Second, to insure that any need for additional library or academic computing resources be known and included as part of the requested changes. In essence, these small changes are only to fully communicate proposed program changes to everyone who may be affected either directly or indirectly by those changes.

I would like to convey to you that members of this committee feel strongly that the main reason the committee exists to assist units in preparing changes for presentation to the Faculty Senate. The role of the committee is to be that of facilitator in bringing about changes to existing graduate programs or the establishment of new graduate programs. Changes in the Guidelines, as mentioned above, are only to ease the process by increasing communication. If your unit would like anyone from this committee to meet with you regarding proposed changes in existing graduate programs, or the introduction of new graduate programs please don’t hesitate to call upon me. In addition, if you have any other items that you feel should come before this committee, please contact me as soon as possible.
