Re: International Business Track for INS major

October 14, 1997

The Faculty Senate Undergraduate Curriculum Committee has met and approved the proposed addition of a 4th new track (International Business) within the International Studies major. This new track would require students to select 6 of the following 9 courses: ECN 111, ECN 441, BUS 280, BUS 335, BUS 345, BUS 365, BUS 433, BUS 445, & PLS 410. Students are also recommended to take PLS 300 or equivalent, and one computer science course. We consider this to be a minor revision (it will be announced to Senate, but not require its approval).

7. Move BUS 446 to the International Business core from one of the Cross-Cultural options.
8. Reduce the Cross-Cultural core requirement from 15 credits to 12 credits.
9. Reduce the foreign language requirement from a 300-level course to a 212-level or higher.
10. Add a Foreign Experience Requirement (subject to Department approval), which may be met in one of the following ways:
   • Spend a semester overseas.
   • Completion of two 300-level foreign language courses.
   • Completion of a local internship with a substantial and demonstrable international component.

Overall the minimum credit hours to complete this revised program is reduced from 63 to 57.

We consider these to be a minor revisions (it will be announced to Senate, but not require its approval).
