2005-2006-38.res.doc
DEADLINE FOR SUBMISSIONS: FEBRUARY 23
Proposals received after the deadline may not be reviewed until next semester.

INSTRUCTIONS:
- Submit proposals individually rather than packets including multiple documents.
- Complete this cover page for each proposal (available online at www.brockport.edu/collegesenate).
- Prepare proposal in Word format using committee guidelines (available online).
- Submit proposal electronically with this cover page to senate@brockport.edu, facprez@brockport.edu.
- All updates must be resubmitted to the Senate office with an updated cover page, use routing number.
- Questions? Call the Senate office at 395-2586 or the appropriate committee chairperson.

1. PROPOSAL TITLE:
Please be somewhat descriptive, for example, Graduate Probation/Dismissal Proposal rather than Graduate Proposal.

New Water Resources Minor Proposal

2. BRIEF DESCRIPTION OF PROPOSAL:
Introduction of a 19-credit water resources minor to the Department of the Earth Sciences program. This minor will be open to all undergraduate students regardless of declared major. Majors in the Department of the Earth Sciences cannot use the same upper division courses for both their major and the WTR minor.

3. SUBMISSION & REVISION DATES: PLEASE DATE ALL UPDATED DOCUMENTS

NEW WATER RESOURCES MINOR PROPOSAL
Submitted 9/30/05 by James Zollweg, Chair
Department of the Earth Sciences

I. Rationale
a. Serves all college majors. Especially appropriate for Meteorology and Environmental Science majors because it provides an allied program.

II. Entrance Requirements (if appropriate)
a. None

III. Program Requirements (if appropriate)
a. None

IV. Description of new courses and a side-by-side comparison of the old and new program. Credit hours must be included and totaled in clear tabular form.
a. N/A

V. Sequence in which the courses would be offered to guarantee timely completion of the program

<table>
<thead>
<tr>
<th>Sequence</th>
<th>Required Courses</th>
<th>Semester Offered</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>ESC 211 Intro to Meteorology</td>
<td>Every</td>

College Senate  

FROM: Jim Zollweg, Chair  
Department of Earth Science  

DATE: October 5, 2005  

SUBJECT: WATER RESOURCES MINOR PROPOSAL  

I am writing in support of the attached proposal to introduce a new water resources minor into the Earth Sciences undergraduate program. This minor is an excellent opportunity for meteorology, geology and environmental science majors to expand their areas of expertise to include an area that supports and impacts their fields. It is also a great opportunity for all students to increase awareness of how water resources affect them on a personal level, and in the long-term, interest in this minor will increase water resources major enrollment.  

I look forward to speaking to you further about this proposal.  

JZ:lm

To: President, College Senate

From: Jose Maliekal, Associate Dean

Re: Minor in Water Resources

Fully support the enclosed proposal from the Department of the Earth Sciences to introduce a new minor in Water Resources. Proposed requirements for the minor, besides being reasonable and appropriate, offer students the opportunity to learn how water, its amount, availability, and quality, impacts humans. Students majoring in Geology, Environmental Science, and Meteorology should find the proposed minor especially attractive.

On behalf of my colleagues in the Earth Sciences department, I thank you for your consideration of this proposal and urge the Senate to approve it.
