1. PROPOSAL TITLE: Please be somewhat descriptive, ie. Graduate Probation/Dismissal Proposal rather than Graduate Proposal.
   Change of credit designation for Nur 473 and Nur 475 – a slight programmatic change

2. BRIEF DESCRIPTION OF PROPOSAL:
   After careful review of Nur 473 (4 credits) and Nur 475 (2 credits), nursing faculty feel that Nur 473 and Nur 475 should each be 3 credits. Faculty who have taught the courses and students in the program have requested this change. It is felt that 3 credits for each course more accurately account for the work of students and faculty required for each of the 2 courses. The course objectives and assignments in each course are not being changed in any way.

2. side by side comparison – see above
3. rationale – students and faculty feel the courses are very similar in actual work required and that equal academic credit designation of 3 credits for both Nur 473 and Nur 475 is more accurate than the current 4 to 2 credit designation (Nur 473, 4 cr; Nur 475, 2 cr)
4. no new courses involved
5. no changes in staffing needed
6. academic letters – attached
7. no additional resources or facilities needed
8. no additional agencies or departments affected

To: College Senate

From: Linda Snell
   Chair, Department of Nursing

I fully support changing the credit designation of Nur 473 (4 credits) and Nur 475 (2 credits) to 3 credits for each course. As stated in the proposal, after teaching these courses several times, nursing faculty felt that equal credit designation is a more realistic assessment of the work required for each of the courses. I agree with the assessment of the faculty. No other changes to either course are being brought forward. This is just a way to better allocate and designate the actual work involved by students in the courses.

Re: Nursing Department proposal: Change of credit designation for Nur 473 and Nur 475 – a slight programmatic change

This proposal changes the credits assigned to NUR 473 and NUR 475 to three credits each. This is a very minor modification of the RN to BSN program which has no impact on the content of these courses or on the total credits required by the program.

I support this proposal and I hope that the College Senate will give the proposal its full support.
