• Holiday Time Worked (shown above) - Holiday and Floaters are set according to the campus calendar which is entered by the TAS Facilitator.
• If a holiday is available within the month and not worked, no action is needed. If the holiday was worked, in the earned amount field change 0 to 1 day or in the increment that is appropriate (quarter day increments only). This will automatically update the holiday accrual balance.
• Floater - if you do not work on a day that has been designated as a floater, you would change the earned amount to 0 and therefore would not accrue the day.

• Time Record Comments (shown above) – available if employee would like to submit comments attached to the time record for their supervisor.

• Once time record is complete, check the box to certify that the information entered is accurate before submitting to supervisor (shown above).
• If time record is complete and you wish to send to your supervisor, click on Submit to Supervisor. If time record is not complete, click Save which will
allow you to go back into your time record to add or update before submitting to supervisor.
• If you do not wish to save or submit your time record simply click Cancel/Return to Home.

Notes:
❖ If a Time Record is disapproved by the supervisor, the time record will show back in the Accrual Period drop down in working status. You will then be able to make any changes needed and resubmit to your supervisor.
