Parking and Transportation Services

Looking for the convenience of 'owning' your own space for one academic year? Premium reserved parking is available in some lots for $458.65. This includes the cost of one parking permit. If interested, complete and return to PTS by July 20.

Please understand prior to committing that there will be unforeseen or planned events which may require the closing of a parking lot, and denying access to the space. Additionally, PTS will make every effort to ensure the space is available, however it is not guaranteed a violator will unknowingly use the space. In the event that this may occur, the said vehicle will be cited and possibly towed.
