PARKING GUIDE

Destress your morning commute with these simple tips

HELP YOUR **PARKING COMMUNITY**

PARKING GESTURES

Avoid confusion and help other commuters know if your spot is available with these simple gestures

YES:

Waving to invite someone to follow you to take your spot

NO:

Shaking your head at people who follow you to let them know you aren't leaving just yet

PARKING TIPS

- Idling at a meter still requires payment! Campus visitors need those meters as they don't have yearly parking passes.
- Make sure your passes are displayed properly on the mirror or the dash to help us see them.
- Come prepared with another lot in mind in case your first choice has been filled.
- Early to rise early to park! If you come early you can park close!
- Walk to class! Parking your car once and walking from class to class reduces possible tardiness due to lot fill-ups.
- Sharing a parking pass is a crime! Avoid the fine and get online to buy your Parking permit today!
